

Contacts & Compacts is a business casual connection group designed for today's woman.

The monthly gatherings are held on the last Wednesday of the month and are open to the woman of all career paths. Domestic Engineers to Business Owners.

A select number of woman owned/managed businesses are showcased as vendors at each event, displaying, selling or sampling products and spotlighting their business services.

The evening also offers the opportunity to enjoy guest speakers, the "connection corner" and a chance to meet, mix and mingle with other business women. All in a "business casual" fun environment.
